

Cindy Hinton, CPC, CCP,CHCC

Cindy founded ACS in 2007 with the vision of positive impact on proficiency in coding and compliance. Her career includes over 20 years in the healthcare industry with extensive experience in key managerial roles including Manager of Physician Billing Systems for the Department of Anesthesiology at Vanderbilt University Medical Center, Manager of Accounts Receivable for Community Health Systems, as well as managing private practice.

Cindy holds a B.A. in Management & Human Relations from Trevecca Nazarene University and is certified in both coding and compliance. Her credentials were earned through the AAPC, PHIA and Compliance Resources.

As a conscientious member of the healthcare community, Cindy regularly attends conferences, seminars and takes advantage of many opportunities to interact and stay on top of the ever changing regulations that impact the industry. She is also a consistent contributor to articles in the Anesthesia Coding Alert newsletters published by The Coding Institute.
